CHAMBER OF COMMERCE  
TO SEEK NEW MEMBERS

Campaign in Hands of Committee  
Named by Directors After a  
Lengthy Discussion.

Plans for a membership campaign by the Chamber of Commerce are being made today by a committee appointed by the board of directors of that organization at a meeting last night. This committee consists of Louis Ottenberg, chairman; A. Leftwich Sinclair, Robert N. Harper, D. J. Callahan, Isaac Gans and Chapin Brown.

Decision to start a membership campaign was reached by the directors last night after a lengthy discussion. Lewis D. Sampson and D. Farnsworth, professional "boosters," appeared before the directors and outlined plans, but it was finally decided that the chamber should conduct the campaign in a direct manner. To this end the committee named above was directed to outline concrete plans for the conduct of such a campaign.

## Would Extend Tracks.

Chapin Brown submitted a report favoring the extension of the Capital Traction tracks on 15th street to Virginia avenue. This proposition is to be considered by the public utilities commission November 10.

Mr. Brown also urged the practicability, in case the railway company connects its 14th street and Georgetown tracks at 15th street and New York avenue, of giving transfers from the Washington Railway and Electric Company line at 15th and H streets to the Capital Traction line. He thought transfers might be given for 1 cent.

President P. T. Moran was authorized to name a committee on national defense. This was done following the receipt of a letter from the United States Chamber of Commerce urging the appointment of such a committee.

Arrangements were made for entertaining a party of Oklahoma men who are to arrive in Washington November 19.

CHARGED WITH PLOTTING  
TO SEND ARMS TO MEXICO

Dr. G. B. Servin, Naturalized U. S. Citizen, Is Arrested by Federal Authorities in Tucson, Ariz.

TUCSON, Ariz., November 2.—Dr. G. B. Servin, a naturalized American, has been arrested here, charged with conspiracy to export arms to revolutionists in Mexico. Warrants also were issued for a number of other persons. Arms and ammunition were seized by the authorities. Dr. Servin denied any complicity in the plot.

Dr. Servin, who is a Spanish-American physician, was released on his own recognizance, and will be given a preliminary hearing before a United States commissioner.

It is learned that Gen. Santiago Rivera, a former Huerta general, who was reported several days ago as having been appointed governor of Sonora by Felix Diaz, is among those sought by officers.

Investigation of an alleged conspiracy to ship arms and ammunition to Mexican revolutionists resulted in the arrest at Nogales early this week, of three members of a firm of hardware merchants, and evidence disclosed there brought the investigators to Tucson.

It is alleged that the Nogales merchants accepted orders for arms and ammunition, and placed them with other merchants along the border, including Tucson. A sale of sixty rifles and 2,000 rounds of ammunition is alleged to have been made here Saturday.

Although they knew nothing of the identity of Dr. G. B. Servin, arrested at Tucson, Ariz., charged with conspiring to ship arms to Mexican revolutionists, Department of Justice officials think he probably is one of a number of men who had been under surveillance for several weeks.

Investigators had reported that the suspected conspirators planned an expedition to take arms, ammunition and men across the border and deliver them to certain bands now in the field against the Carranza government.

Fighting Men to Get Chance to Vote.  
LONDON, November 2.—Discussion in the house of commons the register bill, to make provision for the possibility of a general election during the war, Premier Asquith announced that the government was anxious to give the soldiers, sailors and munition workers opportunity to participate in any such election and that it would introduce a bill to that effect.

Sent for the Barnard Engraving Co. this a.m., National Theater.
